Item 6. Sources of Income of Over \$1,000

The University of Nebraska Foundation provides significant financial support to the University, including an amount the Board of Regents has elected to use to support certain senior administrators, including the undersigned. For federal income tax purposes, the IRS requires such support to be reported as taxable income from the University to the undersigned. This NADC form instructs filers to use the federal income tax definition of income, and for this reason the Foundation is not listed as a separate source of income. This statement supplements the information required on this form in the interest of full disclosure.
