Re: C-2 Potential Conflict of Interest Statement

Dear Commissioner Krafka,

This will acknowledge receipt of a C-2 Potential Conflict of Interest Statement ("Statement"), which you filed with the Nebraska Accountability and Disclosure Commission ("NADC") on Tuesday, April 28, 2026.

You are a Supervisor on the County Board of Supervisors in Butler County (the "Board"). Your Statement concerns an action which you may be required to take in the future regarding a possible Solar Project in Butler County. Should the Solar Project request permission or authorization to establish a presence in Butler County, the Board would probably be involved in any such permission or authorization.

You further note that you have been approached by the Butler County Solar Project to rent or lease 20 acres owned by you for the purpose of parking equipment which would be used in the construction of the Solar Project. You further note that construction of the Solar Project would take place across the road from the property which would be the subject of the lease.

As a County Supervisor, you are governed by the terms and requirements of Section 49-1499.03 of the Nebraska Political Accountability and Disclosure Act ("NPADA"). That Section provides in pertinent part that if you are required to, "take any action or make any decision in the discharge of [your] official duties that may cause financial benefit or detriment to [you], a member of [your] immediate family, or a business with which [you are] associated," then you should prepare and file with the NADC a written statement describing the matter. You have done this by filing your subject Statement with the NADC. The cited NPADA Section further provides that the NADC will advise you with respect to what action you should take under the circumstances.

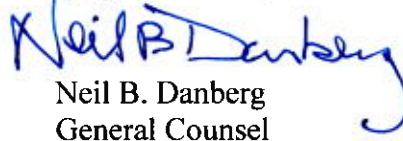

Your Statement raises the question of whether you may take action with respect to authorization or permission for the Butler County Solar Project in view of the fact that you have a pending proposal for a lease or contract with that Project. As long as the contract remains pending, you "may" have a financial benefit or detriment with respect to

said Project. If the Board voted to approve or permit the Project to go forward, this would result in a potential benefit to you. On the other hand, if the Board voted to disapprove or refuse to undertake the Project, this may result in a financial detriment to you. As long as the contract or lease with the Project for your land remains pending, or if you were to accept it, you may have a financial gain. Under either of those circumstances, you would have a conflict of interest and could not vote on the question of whether the Project should be permitted or approved.

However, should you elect to reject the pending lease or contract from the Project, you would then have no financial interest in the approval or permission of the Project, and could vote on it without a conflict of interest.

We thank you for filing the Statement. Please contact me directly at 402-471-0846, if you have any questions concerning this matter.

Very truly yours,
